

NEW YEAR'S MESSAGE FROM THE 2017 LADY CAPTAIN

Happy New Year Everyone!

I hope 2017 finds you well and enthusiastic about getting back out onto the golf course – if you haven't already done so – after the inevitable excesses of Christmas. I know some of you have missed golf for longer periods due to ill health or injuries. I hope 2017 is kinder to you and we can soon welcome you back with open arms.

It is with great pride that I take on the role of Lady Captain for 2017. It will not be easy to live up to the very high standards of those in whose footsteps I follow but I will make every effort to represent the club to the best of my ability while overseeing a successful year's golf. With that in mind I am fortunate in having the help of what promises to be a very hard-working ladies committee. Our aim is to provide you with an enjoyable year's golf in the friendly, welcoming atmosphere of which Balcarrick is justly proud. To start the ball rolling we will be running an inaugural Spring League, so please watch out for the notice and sign up!

This year we will mark 25 years of the club under the Balcarrick name. It has had to withstand some very difficult years of late but I believe the period ahead will see it consolidate its position as a club with a wonderful course, a friendly welcome and a healthy future.

Finally, I would like to wish Captain Anthony and President Christy all the very best for 2017 and good health, happiness and a great golfing year to all.

Louise Stirling
Lady Captain
